

Contents

CHAPTER 1

Structure of Living Things iv

Lesson 1 Cells 2

Lesson 2 From Cells to Organisms 6

Lesson 3 Diversity of Organisms 10

Vocabulary Review 18

CHAPTER 2

Plant Structure and Functions 20

Lesson 1 Vascular Plants 22

Lesson 2 Plant Transport Systems 28

Lesson 3 Photosynthesis and Respiration 32

Vocabulary Review 36

CHAPTER 3

Human Body Systems 38

Lesson 1 The Human Body 40

Lesson 2 The Digestive System 44

Lesson 3 The Respiratory System 50

Lesson 4 The Circulatory System 54

Lesson 5 The Excretory System 60

Vocabulary Review 66

CHAPTER 4

Earth's Water 68

Lesson 1 Earth: The Blue Planet 70

Lesson 2 The Water Cycle 74

Lesson 3 Fresh Water Resources 84

Lesson 4 California's Water Supply 90

Vocabulary Review 94

CHAPTER 5

Earth's Weather 96

Lesson 1 Earth's Atmosphere..... 98

Lesson 2 Air Currents and Wind 102

Lesson 3 Oceans and Air Temperature..... 108

Lesson 4 Severe Weather 112

Lesson 5 Predicting the Weather 120

Vocabulary Review.....126

CHAPTER 6

The Solar System 128

Lesson 1 The Sun 130

Lesson 2 The Structure of the Solar System134

Lesson 3 Gravity and Orbit.....138

Vocabulary Review..... 144

CHAPTER 7

Types of Matter 146

Lesson 1 Properties of Matter 148

Lesson 2 Elements..... 154

Lesson 3 Classifying Elements.....158

Lesson 4 Mixtures..... 164

Lesson 5 Compounds170

Vocabulary Review.....176

CHAPTER 8

Changes in Matter 178

Lesson 1 Chemical Reactions..... 180

Lesson 2 Metals and Alloys..... 186

Lesson 3 Salts.....192

Vocabulary Review..... 200
